Collaborative Programming Project – Group Contract

Project Title: Fashion Machine (name tbd)
Date: January 30th, 2026

Group Members (names and student IDs):

1. Aida Hebberecht (i6377344)
2. Zofia Grabowska (i6404377)
3. Zofia Mielech (i6401505)
4. Liske Janssen (i6378711)

1. Purpose of This Contract

This contract helps our group establish shared expectations, define roles, and set clear communication and collaboration guidelines while working together on a software development project using GitHub.

2. Group Goals

Our group's main objectives for this project (beyond meeting the technical requirements):

- Write clean, well-documented, and functional code.
- Use GitHub effectively for version control and collaboration.
- Communicate openly and resolve issues constructively.
- Complete milestones and deliverables on time.
- Ensure equitable workload distribution and learning for all members.
- Aim for functionality or future development into functionality.

3. Roles and Responsibilities

Role	***Name***	***Responsibilities***
Project Manager	Aida Hebberecht	Organizes meetings, makes deadlines, and ensures
Lead Developer	Zofia Mielech	Oversees code structure, reveals pull requests, ensures coding standards
Data Specialist	Aida Hebberecht	Handles data acquisition/generation, implements pandas analysis, and validates results
Visualization Specialist	Zofia Grabowska	Creates matplotlib plots, ensures clear communication of results, and prepares presentation visuals
Documentation Lead	Liske Janssen	Writes/reviews docstrings, creates README, prepares presentation content

Note: Roles can rotate weekly if desired. All members are expected to contribute to code review, documentation, and testing.

4. Collaboration & Communication Plan

Primary platforms:

- **Code repository:** GitHub — https://github.com/zooomie3/Fashionista.git
- **Project management:** GitHub Projects / Trello / Jira / Other
- **Communication:** Slack / Discord / Microsoft Teams / WhatsApp / Other
- **Meetings:**

  Weekly check-in every Wednesday at 3:30 PM at PHS

  Weekly working sessions every Friday 9-5 at PHS
- **Expected response time:** Within 3 hours on weekdays

Branching and merging policy:

- Each feature or bug fix should be developed on a separate branch.
- Code must be reviewed via pull requests before merging to main or dev.
- Merges require at least one approving review.

5. Decision-Making Process

Our group will make decisions by:
☐ Consensus (everyone agrees)
☐ Majority vote
☐ Other: _____

If technical disagreements occur:

- Discuss openly in a group meeting or GitHub issue thread.
- If unresolved, seek instructor or TA input.

6. Accountability and Conflict Resolution

If a member repeatedly fails to:

- Attend meetings,
- Commit code or contribute meaningfully, or
- Meet agreed deadlines,

then the following steps will be taken:

1. Discuss the issue privately and respectfully within the group.
2. Document the issue (e.g., in GitHub issue tracker or shared document).
3. Create a corrective plan with clear next steps.
4. If the problem persists, notify the instructor for mediation.

7. Project Milestones and Deadlines

Milestone	Deadline	Responsible Member(s)
Setup GitHub Environment	30/1/2026	All
Outline	30/1/2026	All
Class Diagram	6/2/2026	All
Find Sample Data	6/2/2026	All
Core Coding	13/2/2026	All
Analysis Coding	27/2/2026	All
Visualizations: matplotlib	27/2/2026	All
Full Functionality	27/2/2026	All
README + docstrings	6/3/2026	All
Final testing and Debugging	10/3/2026	All
Presentation Slides	10/3/2026	All

8. Code of Conduct

All members agree to:

- Write clean, commented, and properly formatted code.
- Use meaningful commit messages.
- Avoid pushing directly to protected branches (main/master).
- Respect each other's ideas and provide constructive feedback.

- Credit all contributors appropriately.
- Communicate early if encountering obstacles.

9. Commitment Statement

By signing below, we agree to follow this contract, use GitHub responsibly, and collaborate professionally to deliver a successful project.

Group Member	***Signature***	***Date***
Liske Janssen		30-01-26
Aida Hebberecht		30-01-26
Zofia Grabowska		30-01-26
Zofia Mielech		30-01-26
